EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel Warren, Attorney of Record, on February 14, 2005.

The application has been amended as follows:

In the Specification:

In paragraph 9, last line, after ")", -- along the seal rail -- has been inserted.

In paragraph 31, line 8, after "270", -- along the seal rail 230 -- has been inserted.

In the Claims:

Claim 5 has been rewritten as follows:

-- 5. (Currently Amended) The tip shroud of claim 15, wherein said ~~cutter-teeth~~ first and second cutter teeth ~~comprises~~ comprise a built-up area adjacent to said first base and said second base. --

Art Unit: 3745

In claim 12, last line, after "inches", -- along said seal rail -- has been inserted.

Claims 1-2, 4, and 13-14 are formally canceled.

The above changes to the specification have been made to clarify that the first base and the second base both comprise the claimed width along the seal rail, as set forth in the first Office action with regard to paragraphs 9 and 31 being unclear. The above change to claim 5 has been made to clarify that the cutter tooth is the first and second cutter teeth. The above change to claim 12 has been to clarify that the first base and the second base both comprise the claimed width along the seal rail. Claims 1-2, 4, and 13-14 have been formally canceled, because the amendment filed February 3, 2005 indicated that these claims are canceled, but inadvertently included the text of the written claim. During the above telephone interview, it was explained to the examiner that in paragraph 26 of the specification, the base of both cutter teeth extend along the top portion along the seal rail. Therefore, the objection to specification as set forth in the first Office action with regard to paragraph 26 being unclear is withdrawn.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher Verdier whose telephone number is (571) 272-4824. The examiner can normally be reached on Monday-Friday from 10:00-6:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Edward K. Look can be reached on (571) 272-4820. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
